

EAT. SLEEP. FISH.

SKEETER[®]
PERFORMANCE FISHING BOATS

In the wake of every Skeeter Boat
is a heritage of quality, a commitment to superior design,
craftsmanship and performance...

50 Years of Legendary Heritage and Quality

In 1948, Skeeter introduced the first bass boat and changed the sport of fishing... forever.

1963 - CI Series

1965 - M26

1970 - Screamin' Eagle

1974 - Skeeter Hawk

1978 - Black Gold

1979 - Wrangler

1986 - Starfire

1994 - ZX 200

2002 - ZX 250

Attitude.

A Skeeter tradition born from strength and experience.

It's the confidence of a company that's been making the industry's toughest, best performing fishing boats since 1948. The strength of our product is unmatched. Using the industry's strongest composite construction technology, we assemble every Skeeter using individually crafted X-TREME composite components. This adds unsurpassed durability to the hull, deck and transom. And our ZX stringers are reinforced with aluminum and an internal jack plate support that welcomes the power and weight of today's strongest marine engines. (In fact the entire weight of our ZX Performance series boats can be supported from our transom.)

Skeeter's hydrodynamic hull design provides the speed and maneuverability to be first to the fish. Our exclusive reverse-draft transom adds buoyancy, resulting in quicker holeshots, and virtually eliminates backwash. Skeeter's wide hull design allows it to carry more gear, more fuel and more fish. It gives our boats their unmatched ability to excel in all water conditions.

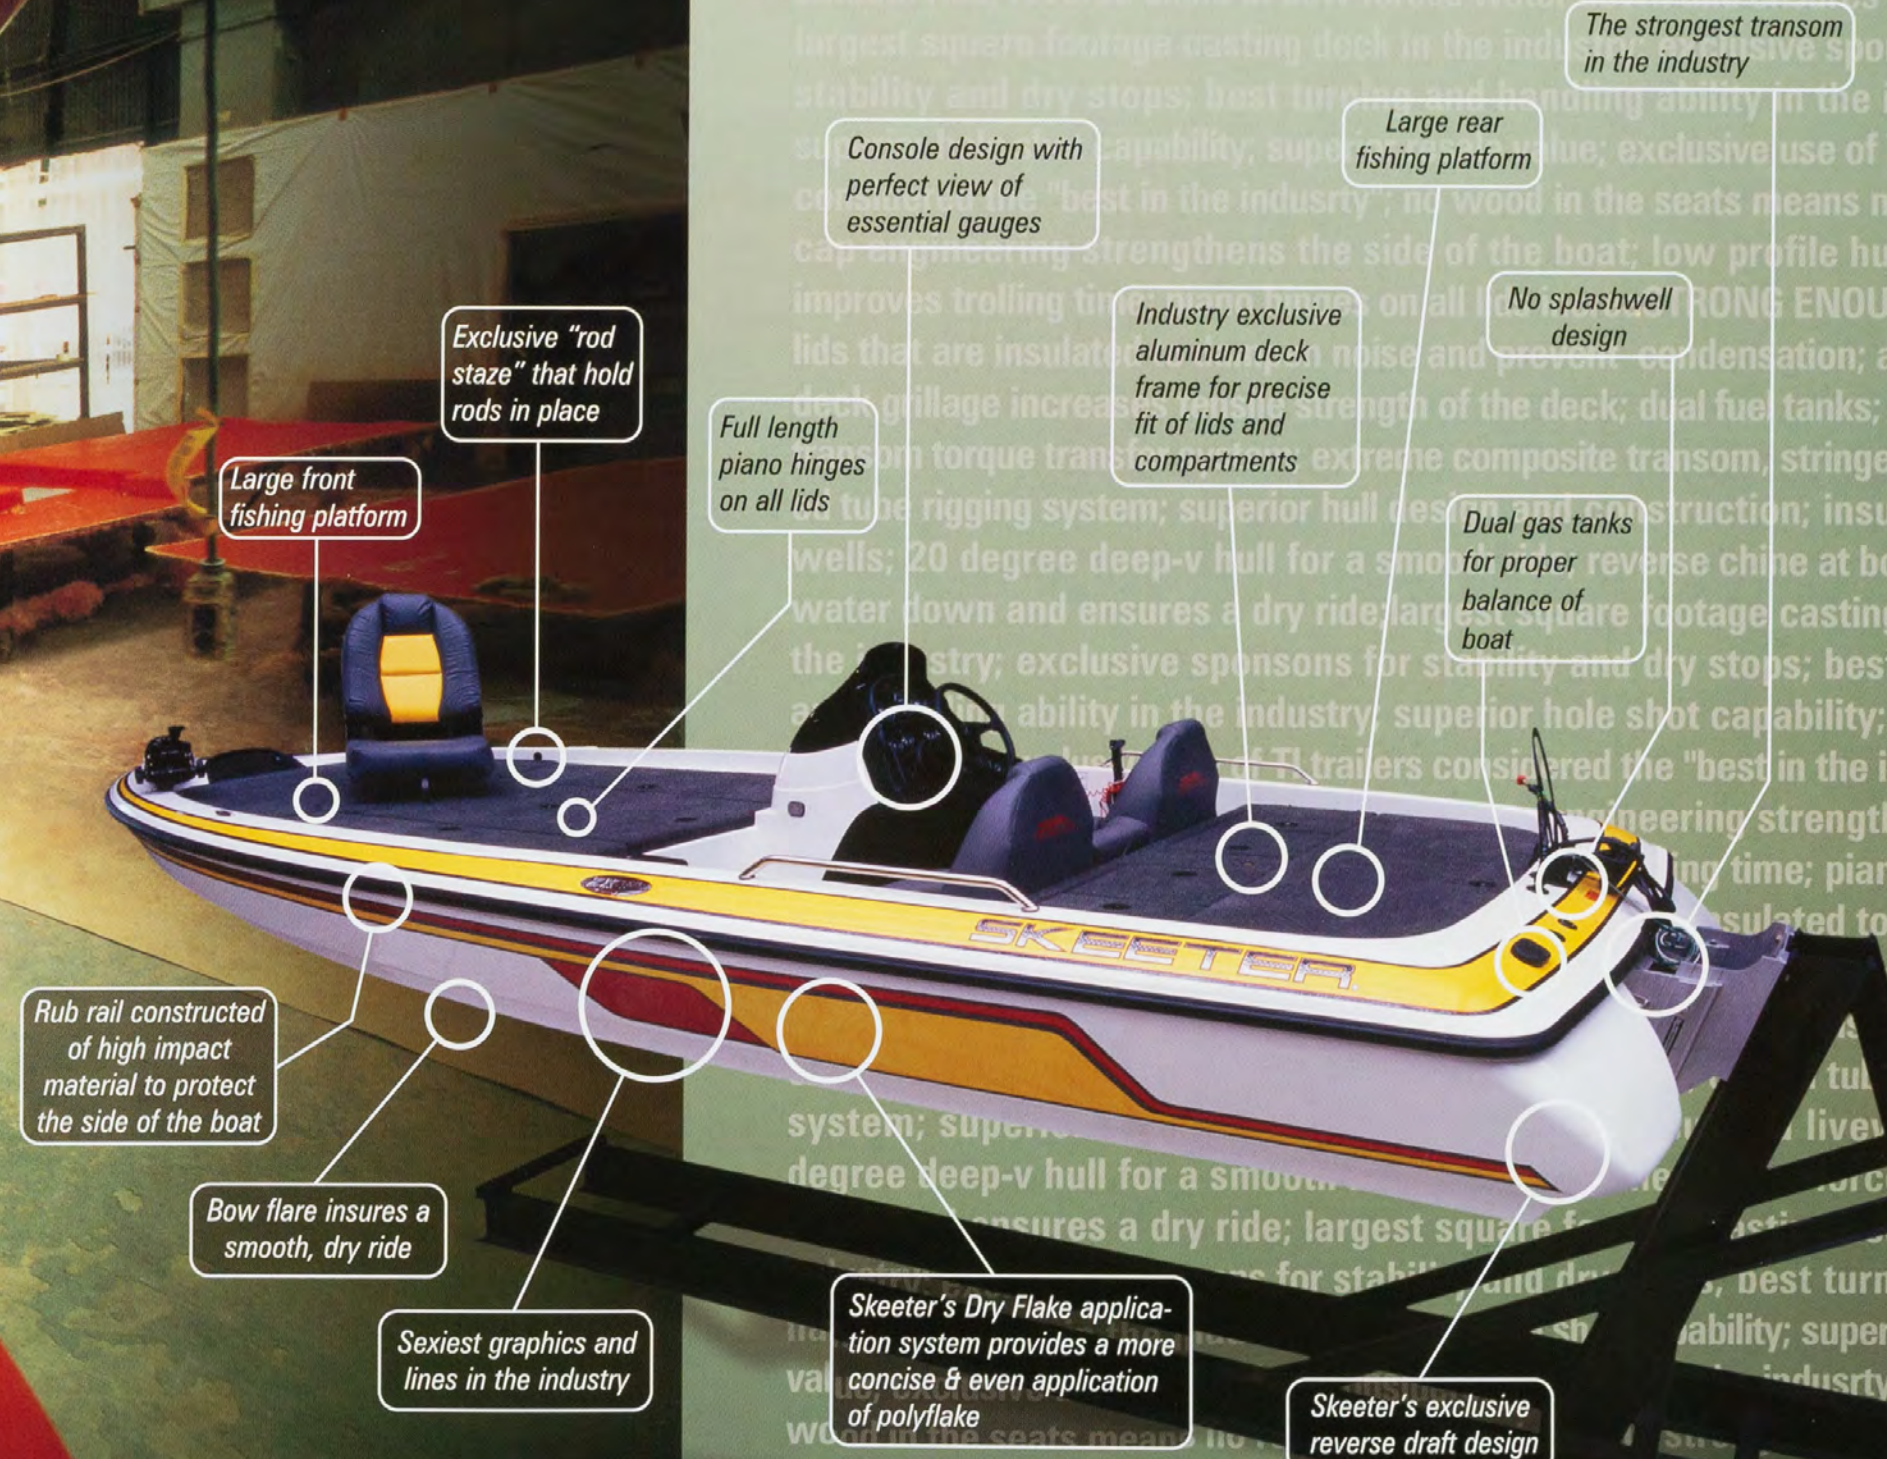

Skeeters are built to fish. Front and rear fishing platforms, large modular storage compartments, insulated boxes and sophisticated livewell systems are all part of the Skeeter quality and attitude. With an incredible array of features and options, you should consider an attitude adjustment. Stop in and let us show you the Skeeter difference.

Nothing Gets You There Like A V MAX®

You're experiencing sheer, pulse-quickening acceleration, and top-end speed so blistering it could boil water. That's what it's like to own a V MAX®. And it's why so many pros consider it bass fishing's most fearsome predator. In all, there are nine V MAX models, from 150hp to our bass-kickin' new 3.1-liter V MAX® 250 - the most powerful factory-stock outboard in the world. Those trophy fish are waiting. If you want to get there first, you want a V MAX®.

HUNDREDS OF REASONS TO BUY A SKEETER

COMPOSITE TRANSON, JACK PLATE
AND ALUMINUM KNEE BRACE

REVERSE DRAFT TRANSON AND
STRETCHED SPONSONS

NO SPLASHWELL DESIGN

Close your eyes and picture everything you ever wanted in a bass boat, then open them to see how the ZX Performance Series boats make dreams come true for the serious angler.

The ZX Series is Skeeter's pride and joy. Every detail has been meticulously designed—with style. From the massive forward fishing platform to the mighty X-CEL transom, these boats are built tough. And with legendary Yamaha power, the ZX Performance Series delivers a stable, fast ride, in full-feature models

ZX PERFORMANCE SERIES

ranging from 18' 5" to 21' in length.

All boats in the ZX line feature Skeeter's exclusive hydrodynamic design, with precision-engineered hulls, X-TREME composite construction, and reverse draft transom. These boats haul.

Want to talk features? The list goes on and on. Built for tournament bass fishing, features include oversized storage and rod organizing systems, available in both single or dual consoles, two livewells up to 16-gallons each with a four-pump control system, built-in coolers and ergonomically perfected cockpits with new backlit controls.

Some of the features and options shown and described on the ZX Performance Series are available only on specific models. Skeeter reserves the right to change products and specifications without notice. All the material in this catalog is believed to be correct at time of publication.

NEW! LIGHTED COCKPIT GAUGES

NEW! TWO TONE UPHOLSTERY

Skeeter's SX Series offers legendary fishability in a line of boats priced to get you on the water fast. And from the moment you launch, you're fishing first class.

SX models feature Skeeter's X-TREME composite transom construction and fiberglass stringer system for maximum stability and rugged durability in models ranging from 16' 8" to 19' 6" in length. The hydrodynamic design delivers classic Skeeter performance and a soft, dry ride.

SX TOURNAMENT SERIES

All boats in the SX line come standard with extended casting decks and choice of front and back fishing chairs to comfortably accommodate you and your partner. Large rod lockers and plenty of storage keep your gear organized and accessible, and all SX models feature tournament-quality livewell systems with "fill" and "drain" modes to keep your trophy fish alive and well until weigh-in.

The SX bass boats offer Skeeter's exceptional maneuverability and solid fishing platform, making the SX Tournament Series everything the serious angler could want – at a price that just might surprise you.

Some of the features and options shown and described on the SX Tournament Series boats are available only on specific models. Skeeter reserves the right to change products and specifications without notice. All the material in this catalog is believed to be correct at time of publication.

SX170

Quality, function and value are the hallmark of the SX170. At 16' 8", it's a boat that handles great both in and out of the water. It's perfect for the angler on the go - with everything you need when you're in the mood for a day or night on the water. Available in single console only.

ST SERIES

ST15

INTRODUCING OUR NEWEST BOAT.

More time to fish. That's what every angler wants. The ST15 delivers as the perfect boat for the first-time buyer who has decided the time to get on the water is now. Retiring hobbyists love the ST15 too - primarily for its easy trailering size and its equally pleasing value-based price.

It's easy to handle, easy to get into, and a pleasure to own. A no-frills, big thrills answer to the age-old question, "Do I really fish enough to own a boat?" Now the answer is "Sure you do!"

Everything you need. Nothing you don't.

When the crisp salty air beckons you offshore to cast your line, your perfect companion is one of Skeeter's ZX Saltwater Series Boats.

Designed for the tumble of the big bay breakers, Skeeter's exclusive V-pad hull flattens the roughest of waters for a smoother, drier ride. Plus the unique tunnel hull design on the ZX2200T offers superior maneuverability even in shallow shoreline waters.

The deck layouts on
Skeeter's Saltwater Series
are the answer to the

ZX SALTWATER SERIES

saltwater fisherman's prayers. The center console command center boasts tilt-hydraulic steering, easy-to-read gauges and folding windshields on some models. Built-in vertical rod holders keep gear at the ready, while aerated baitwells in the center and rear mean easy access in choppy waters.

Amenities include large removable ice chests, comfortable console seating, roomy deck storage and insulated fish boxes. Saltwater Series boats hold up to 80 gallons of fuel with boats ranging from 21' 10" to 23' 10".

Some of the features and options shown and described on the ZX Saltwater Series are available only on specific models. Skeeter reserves the right to change products and specifications without notice. All the material in this catalog is believed to be correct at time of publication.

ZX2000

Engineered for a first-class ride, with the classic center console, X-TREME composite transom, and everything you need for a day of offshore fishing, this boat can handle most water conditions. The ZX2000 offers great performance in an easy-to-trailer bay boat model designed to take you where the redfish run.

ZX2000 Shown - White Gel dock, Laser hull stripe, Marble upholstery

Catch the big ones on their own turf.

When the waves are steep and the water's cool, the long deep fiberglass hull of Skeeter's Deep V Big Water fishing boats offer the power and performance to help you reel in your catch and stay steady and dry.

The Deep V Big Water Series was designed for tournament anglers on big lakes that demand rugged craftsmanship, durability and a stable fishing platform.

ZX DEEPWATER SERIES

Like all Skeeter's, the Deep V is built to handle the thrust and torque of today's high-powered marine engines. The flared sides and bow are hydrodynamically designed to spray water down away from the boat for a dry ride.

The Deep Vs offer a variety of outstanding features for easy handling and fishability, including advanced design consoles with full instrumentation, aerated livewells, baitwells, huge tackle and storage boxes. The layout of Skeeter's Deepwater Series is specifically designed to fit the unique needs encountered by the angler in search of northern species.

Some of the features and options shown and described on the ZX Deepwater Series are available only on specific models. Skeeter reserves the right to change products and specifications without notice. All the material in this catalog is believed to be correct at time of publication. Feature insets shown for ZX1775 models only.

OPTIONAL CANOPY

BUILT-IN COOLER

Skeeter knows there's more to life than just fishing.

That's why we developed our SL Fish & Ski Series – a line of boats designed to satisfy every member of your family by combining classic Skeeter fishability with the power and amenities of a top quality ski boat.

The SL Series features tournament-style ski tow pylon, a convenient rear platform and stainless steel firm-grip ladder.

four comfortable bucket seats, plenty of ski storage, built-in coolers, and passenger

SL FISH & SKI SERIES

conveniences like removable bow sun deck pads, and an AM/FM radio with CD player make this a boat fully equipped for a day of jumping the wake or riding the tube.

And when it's time to fish, you're ready for that too. Head out for the stripers and largemouth at dawn with the best features of our legendary bass boats, including two aerated livewells, roomy rod storage, and pro pole seating on a sturdy front casting deck. These are boats that don't let you forget that Skeeter's motto is **"Eat. Sleep. Fish."**

Some of the features and options shown and described on the Fish & Ski Series are available only on specific models. Skeeter reserves the right to change products and specifications without notice. All the material in this catalog is believed to be correct at time of publication.
